Dimmable LED Module

6W, 10W 12V AC/DC Series

General Information	
Wattage	6W, 10W
Input Voltage	12V AC/DC
Lumens	400lm, 650lm
CCT	3000K
CRI	80
Beam Angle	25°, 40°

RoHS

FEATURES

- Dimmable, long life, energy efficient, instant-on
- Low voltage input; 12V AC/DC
- High CRI 80+
- Aluminum casing for optimal heat dissipation
- Contains no mercury
- UV free; will not fade colors, excellent choice for art displays and furniture illumination, task lighting, and general illumination
- 30,000 hour lifetime
